FOLLOW YOUR OWN RHYTHM

A day with space to breathe.

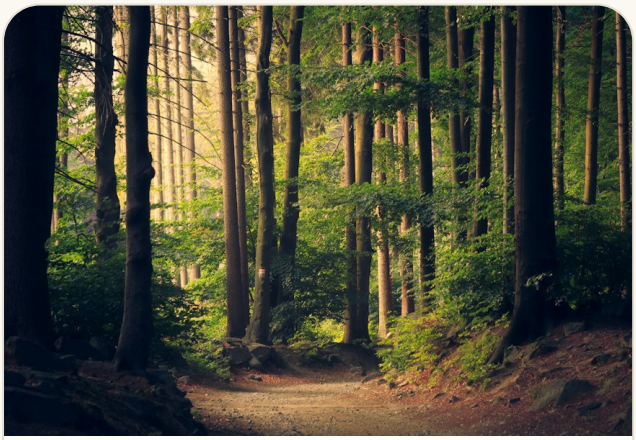

No packed itinerary needed. Let the hills set the pace: start with a view, take the path that catches your eye, and come back for something good to eat.

01 / TAKE IT SLOW

Begin with the view

Let the morning clouds lift at their own pace. A warm cup and a little time outdoors make a fine first plan.

02 / STEP OUTSIDE

Take the village path

Wander beneath the trees, breathe in the forest air and notice the small turns along the way.

03 / COME TO THE TABLE

Leave room for lunch

Return for home-style cooking, local flavours and the easy company around the table.

Photographs are illustrative. Your view and experience will depend on the season and conditions.

A GOOD PLACE TO BEGIN

Choose a direction. Keep your pace.

Use Samthar as a quieter base for the Eastern Himalayas. Pick one outing, leave room for the road, and ask your hosts about local conditions before setting off.

01 / TOWN & VIEWPOINTS

Kalimpong

Deolo Hill, Durpin Dara, Mangal Dham and the town's gardens and heritage corners.

02 / VILLAGE ROADS

Pedong & Silk Route

Damsang Fort, Sillery Gaon, Icchey Gaon and scenic roads towards the old Silk Route.

03 / FOREST & FALLS

Lava & Neora Valley

Forest trails, Lava Monastery, Changey Falls and the green highlands around Neora Valley.

04 / TAKE IT EASY

Nearby escapes

Keep the day close with Teesta Valley views, Samthar village walks and nearby hill hamlets.
